

Global Deejays & Niels van Gogh, Bring it Back (ft. Terri B.)

Bring it back
Back to the way where it used to be
Bring it back
'Cause I know, I know, I know

Bring it back
Back to the way where it used to be
Bring it back
'Cause I know, I know, I know

Bring it back

Bring it back
Back to the way where it used to be

I sit alone I'm just waiting for my baby
He got me going so so crazy
I'm tired of waiting for you, why you keep me waiting?
Can't you see how I feel?

I'm contemplating that you're gonna be my back
But I keep waiting and it's gonna take some time
I know, that you're gonna be my baby
Can't you see how I feel?

Bring it back
Back to the way where it used to be
Bring it back
'Cause I know, I know, I know

Bring it back /3x
Back to the way where it used to be
Bring it back (Bring it back) /2x
