

Globe, Seize The Light

Do you feel my heart?

Let me seize the light

The time came and went...
Your soul...perfectly awake
Some morning crying

The end of your secret
Tears would be snow
Promise, we can't forget
Close to your heart
Close to your soul

losing control

pain

...

Do you need my heart?

Let me seize the light

The time came and went...
Your soul...perfectly awake
Some morning crying

The end of your secret
Tears would be snow
Promise, we can't forget
Close to your heart
Close to your soul

losing control

Rain

...

Do you feel my heart?

Let me seize the light

pain
