

# Gloomy Grim, Ashes

I KNEW they could not keep You there  
Welcome home  
Now we are Stronger than EVER,  
We are One

I prayed the Lords of Darkness  
It did work, like always

Now it is time for Us  
To Get Even  
They put You to Six feet under

Nothing I despise more  
Than those stones of weakness

So, We must Destroy them...  
...and all what they represent.

Side by side We are walking  
Until The End  
Side by side We meet Our Lord,  
Who reigns in...

FIRE.  
WE STAND PROUD..  
AND KILL...  
THE WEAK!
