Gloria Estefan, Betcha Say That

Betcha say that Betcha say that To all the girls

You say you'll be my knight in shining armour We'll run away and live a life of glamour You say for me you'll be true blue

You say you want me everywhere beside you And that you just cannot live without me, no You say I love you

I betcha say that to all the girls Betcha say that, betcha say that

You say you wish I wasn't so defensive You try to kiss me but I'm apprehensive No, no, I just don't believe you

You say you feel as though you're going crazy Your head is spinning and your eyes are hazy You say I want you

I betcha say that to all the girls Betcha say that, betcha say that

I just don't know why I don't believe you But I want you anyway

You say you wanna fall in love forever You'll get a place so we can be together No more secret rendezvous

You say you're tired of always feelin' lonely And that you want me for your one and only You say I wanna marry you

I betcha say that to all the girls
I betcha
It's your favourite line and you think
It's gonna work every time, oh baby
Betcha say that line to all the girls

B-b-b-baby I betcha say that, say that I betcha use that line on all the girls

You think I was born yesterday You think with me that you can have your way Ooh baby, betcha say that line, to all the girls

Betcha say that Betcha say that
