

# Gloria Estefan, Heart With Your Name On It

Hey there baby are you feeling down?  
'Cause you've got nobody's arms  
To wrap your arms around  
Are you thinking  
What you're looking can't be found  
If a part-time heart is what you need  
What you want now baby you won't get from me  
If it's a part-time love you're looking for  
Darling don't be knocking on my door  
But if you need someone to stand there beside you  
If you want a love that's true

I got a heart with your name on it, name on it  
I got a love, I got a love,  
I got a love for you  
I got a heart put your claim on it,  
Claim on it, claim on it  
This heart will, this heart will beat for you  
If you want it to  
Wo-ooh

Love is waiting in these arms of mine  
If you're looking for a love that's the forever kind  
Baby you don't have to look no more  
Look ... in my eyes  
If you want somebody you can hold  
I'll be the one who'll never let you go  
If you want somebody who will stay  
I'll be the one who'll never walk away  
If you need someone who'll stand there beside you  
Nothing less is gonna do

I got a heart with your name on it, name on it  
I got a love, I got a love,  
I got a love for you  
I got a heart put your claim on it,  
Claim on it, claim on it  
This heart will, this heart will beat for you  
If you want it to  
Wo-ooh
