

Gloria Estefan, Love On A Two Way Street

I found love on a two way street
And lost it on a lonely highway
Love on a two way street
And Lost it on a lonely highway

True love will never die
So I've been told, but now I must cry
It is finally goodbye, I know

With music softly playing
His lips will gently saying
I love you

He held me in desperation
I thought it was a revelation
And then he walked out

How could I be so blind
To give up love the very first time
To be fooled is a hurting pain
To be loved and fooled
Is a crying shame
While I bear the blame
As he laughs my name

With music softly playing
His lips will gently saying
Honey, I love you
He held me in desperation
I thought it was a revelation
And then he walked out

I found love on a two way street
And lost it on a lonely highway
Love on a two way street
And lost it on a lonely highway
