

# Gloria Gaynor, Anybody Wanna Party?

Ah ahhh party party  
Ah ahhh party party  
Ah ahhh party party  
Ah ahhh party party  
Love, sweet love won't you be good to me?  
You could set me free  
Come on, set me free  
We could dance 'neath the pale moonlight  
Feeling good tonight  
Feeling good tonight  
Please somebody's got to get me to the action  
Some satisfaction is what I've been searching for  
Got to find myself a happy situation  
Some celebration  
Somebody who calls for more  
Anybody wanna party down tonight?  
Anybody wanna party?  
Anybody wanna party?  
Anybody wanna party down tonight?  
Anybody wanna party?  
Anybody wanna party?  
Hey hey  
Get down  
It'd be nice to realize a little romance  
I could dig some slow dance  
I could dig some girl-meets-boy  
Can't put too much time in searching for some reason  
Must be the season  
For doin' that jump for joy  
Anybody wanna party down tonight?  
Anybody wanna party?  
Anybody wanna party?  
Anybody wanna party down tonight?  
Anybody wanna party?  
Anybody wanna party?  
Love sweet love won't you be good to me?  
You could set me free  
Come on, set me free  
We could dance 'neath the pale moonlight  
Feeling good tonight  
Feeling good tonight  
I'm a person with a passion for some livin'  
Can't help givin' my body a real good time  
I'm a sucker for the music and the laughter  
I know right after  
That lovin' is soon sublime  
Anybody wanna party down tonight?  
Anybody wanna party?  
Anybody wanna party?  
Anybody wanna party down tonight?  
Anybody wanna party?  
Anybody wanna party?  
Hey hey  
Get down (Anybody)  
Get down get down (wanna party)  
Get down get down  
Get down (Anybody wanna party)  
Get down get down  
Get down get down  
Get down  
Anybody wanna party down tonight? (Anybody)  
Anybody wanna party?  
Anybody wanna party?  
Anybody wanna party down tonight?

Anybody wanna party?  
Anybody wanna party?  
Ah ahhh party party  
Ah ahhh party party
