

Gloria Gaynor, Last Night

I've been spending too much time
Living in your world instead of mine
Telling myself that's where I'd rather be
Pouring the coffee and pouring the wine
Waiting for you to have forever in mind
So much more than childish fantasies
It's the last night
It's our last kiss
For tomorrow I'll be gone
It takes more than love to keep me in your arms
It's the last night
Come the sunrise
You can catch me moving on
It takes more than love to make a woman feel like she belongs
See I've got dreams, I've been dreaming too
Maybe this time I will see them through
With a man who wants a love for keeps
I put on my lipstick and pack me a bag
Check my look in the mirror and call me a cab
Gonna drive 'til your pull is out of reach
Oh, it's the last night
It's our last kiss
For tomorrow I'll be gone
It takes more than love to keep me in your arms
It's the last night
Come the sunrise
You can catch me moving on
It takes more than love to make a woman feel like she belongs
I wish you the very best, you know I really do
You'll find someone who has temporary dreams like you
Baby, mine, mine go on forever
I can feel the future and the wind inside my hair
Something's trying to tell me there's a whole new world out there
Baby, I'm sure it just gets better
Oh, it's the last night
It's our last kiss
For tomorrow I'll be gone
It takes more than love to keep me in your arms
It's the last night
Come the sunrise
You can catch me moving on
It takes more than love to make a woman feel like she belongs
