

# Gluecifer, Critical Minute

Rack'em up for a straight ruler and take the curse  
I've never felt too good but tonight I think I'm feelin' worse  
Gotta get some power lotion and go lubin' up them joints  
Gimme full speed to the breakdown baby I got terror boilin' in my loins

Critical minute and I'm feelin bad  
Just not in it I'm feelin'so goddammn had  
Critical minute and I'm feelin' down  
Just not in it

Stuck with boredom stuck with hate stuck with a really lame debate  
Sonic eyeball action and it's meant for me  
So pack it up now and be sure to keep it closed  
I'm desperately seekin' all the words that I hate the most
