

Gluecifer, Drunk And Pompous

I got em horny feet
You got the epic beat
Wanna make em cream
You wanna make em dream
Coz I was born to shout
and tell em all what its really about
No time for liberation baby
Its time to let the beasty out

Ain't it sweet now
to walk the shitty street now
What a blast
coz i love it fast

Sweet liberation with a twist
coz in a cool world I exist
Gonna pull my shutters down
gonna kick it all around
coz Im a black belt master fightin with a velvet fist

Im a screamer youre a dreamer- so whatcha gonna do
Gonna push that thing till theyre beggin for a hefty screw
Ill be a fire-breathin boy
with a thousand db ploy
Gonna breathe some fire fire baby coz Im pissed

Yeah I was born to rule
Yous born to drool
Aint takin no goddammn shit
Got a suit with the snuggest fit
And you might say Im bad
Nothin but a fad
But Im on a quest
Baby Im possessed
