

Gnarls Barkley, A Little Better

Now I can sing you the story line
And if you like my story fine
But ain't none of the glory mine

See my life was a lonely one
And I was still Momma's only son
With no idea what I'm goin' become

And I didn't have long to know
That you don't have to be grown to go
I could have died so long before

Then I finally saw the sign
And I made it on down the line
One step at a time

I feel a lil' better
I can smile at it now
I feel a lil' better
Oh better
And even a little is still better
Oh have mercy on me

Oh it's probably plain to see
That I got a whole lotta pain in me
And it will always remain in me

So cold it's a crying shame
Yet here I am trying again
Cause I refuse to die in vain

The circumstances put soul in me
And there ain't no holding me
I've got a heart made of gold in me

Can you believe this is where I've been
And when adversity comes again
I'll deal with it then

I feel a 'lil better
I can laugh at it now
I feel a 'lil better
Oh better
And even a little is still better
Oh have mercy on me

Woah
I said everything's fine you can take your time
What would be on your mind if you knew you was dyin'
I would wanna just feel this-a one more time

I said everything's fine take your time
What would be on your mind if you knew you was dyin'
I would wanna just feel this-a one more time

Alright
I wanna thank you morning sun
I wanna thank you loaded gun
Now I know I'm not the only one

I, I wanna thank you friendly ghost
When all the calls were close
It seems like you cared the most

I, I wanna thank you Mom and Dad
For hurting me so bad
But you're the best I ever had

I, I wanna thank you
