

Gnarls Barkley, No Time Soon

This could be one of those days
When we must go our separate ways
It's good for you to be out of my sight
Cause you never know you might

And I carry this
It's heavy
I miss you
Already

You were perfect babe

My time will come, yours too
I barely go before you
I hope you live forever
Or maybe we can go together

It'll be perfect babe

And I carry this
It's heavy
I miss you
Already

You were perfect babe
