(You) Yeah, yeah

I'm on the line
I'm on the line
Once I clean my mirror
I'm a be feeling fine

Trying to get there
Is all that's on my mind
When they're on the line
(You) Yeah

Now even when though I run my race
With a smile on my face
It ain't easy
No it ain't easy

Feel like the life of the party
But it's all in your mind
On the line
(You) Ah

I'm on the line
I'm on the line
Once I clean my mirror
I'm a be feeling fine

Even when you falling
Just pretend you're flyin'
When you're on the line
(You) Yeah

I'm with everybody
But I'm still alone
Just look down that's my line your standing on
Let's keep it friendly
We'll be just fine
But don't cross that line
(You) No, no, no, no
