## Goatwhore, Desolate Path to Apocalyptic Ruin

The Seething Light Inhales Breath Of Mourned Delight

Awaiting... The Storm Blood, Fire, Chaos, And War

From The Black Abyss

Damnation... Of The Pure Fires Consume Eternity

The Quest For Higher Pain Endless Trail To An Extinct Plain Obsessed With The Murdering Hand This Numbness Covers My Mind

Blind... Slowly Breaks My Laws

Almighty... Gods Of War Besiege The Holy Throne

Light... Betrays Me This Is My Alone

Drifting On The Winds Beneath Midnight Skies Coldness Covers My Latent Eyes Snake Skin Forms To Ignite Sin

Smearing The Hatred Of Disgust Upon The Faces Of The Meek Their Lips Burn With The Taste Of Plagued Virtues

The Hands Of Destiny Are Non-Immortal Deaths Foretold Of Past Condemned To Repeat This Disease

Loss Of Divinity

Divine Loss Of Sight

Black As The Cold Silence I've Felt The Wars Of The Empires

Breaking This Seal Inside For The Son Of All Wars For The Reign Of A Forgotten Faith Conversion Of The Flame To Fall To Sea Filling The Oceans With All, Now I Will Become The Seas

I Contest This Prayer To My Hatred All Man's Lies Fall Into Sea To Exist

Reburn This Seal For A Closing Of Might The Divine Bound To Writhe Into Eternity This Is My Blame For The Loss Of The Sky To Declare War Over These Lips Of Spite
