

# Gob Squad, Eyes Become Alive

So addicted as you lay there naked.  
Bound by hopes and dreams of better days.  
Unprotected and so directed.  
A vermin's pray under complete control.

And now you're so confused.  
A mind about to burst.

As eyes become alive  
they'll see what's inside.  
You'll give it everything at anytime.  
Your cockroach don't give a dime.

Fire inside.  
A world of lies.  
You'll give it everything at anytime.  
Struggling to stay alive.

Still addicted as you lay there bleeding.  
Alone and cold as it goes on and on.  
Softly crying.  
Testifying.  
A momentary insight of despair.

And now you're so confused.  
A mind about to burst.

As eyes become alive  
they'll see what's inside.  
You'll give it everything at anytime.  
Your cockroach don't give a dime.

Fire inside.  
A world of lies.  
You'll give it everything at anytime.  
Struggling to stay alive.

Eyes become alive.  
Eyes become alive.  
Eyes become alive.  
And just become alive.
