

# God Dethroned, Christ Carnage

Storming the gates of hell  
Christ carnage  
Warlords lead you the death  
With a frenzy in their eyes  
It's a chaos in your realm  
You attack my world endlessly  
But I'm crushing your skull and your neck  
Die!!!

The messenger of death, he's fallen from the skies  
The signs of terror, arrival of the lord of flies  
Chopping like a mill, dismember the skull from your neck  
Hacking around me, the earth is water'd with blood  
The last holocaust, begins with the final attack  
War, blood flows like a stream into the sea

Countless bodies  
Cover the earth  
Nocturnal wars  
Balance the sign of the cross

Christ carnage christ carnage!!!!
