

# God Dethroned, Last Zip Of Spit

Dictatorship is what you aim for  
But what you need is a kick in the teeth  
What makes you think God protects you  
Soon you'll learn that's not the case

I'll take your blood to feed my hate  
'Cause it's you I despise  
What I'll do is save for you  
The last zip of spit

Chopped off your head, chopped off your limbs  
Chopped off everything  
Cut out your heart, cut out your eyes  
I ripped you all apart

I'll take your blood to feed my hate  
'Cause it's you I despise  
What I'll do is save for you  
The last zip of spit

Stab your knife into my back  
And twist the blade around  
You could kill me easily  
But not if I would kill you first

I pull out the knife plunged into your chest  
The blood is spraying in my face  
So I can't even see you die  
I guess your veins will be drained

I'll take your blood to feed my hate  
'Cause it's you I despise  
What I'll do is save for you  
The last zip of spit

Stab your knife into my back  
And twist the blade around  
You could kill me easily  
But not if I would kill you first  
Die!

Lead: Sattler  
Lead: Delahaye

Broken bones stick out of your flesh  
It was me out of control  
Then the final convulsion comes  
It brings you peace eternally

I'll take your blood to feed my hate  
'Cause it's you I despise  
What I'll do is save for you  
The last zip of spit

Stab your knife into my back  
And twist the blade around  
You could kill me easily  
But not if I would kill you first  
Now die!  
Die!
