

# God Lives Underwater, Whatever You've Got

I feel the train changing tracks  
So relaxed I reminice  
I try so hard to stay intact  
No one knows  
No one cares  
I'll take whatever you've got  
I'll take whatever you feed me  
When it's time for me to come down  
There's never a compromise  
You know  
I'll take whatever you've give  
And what you give i'll put in me  
When its time for me to come down  
There's never a compromise  
You know it  
You know it  
I feel the thoughts that you don't have  
Think of me  
You probably don't  
Disappointment is all I know  
And all I do  
But I say I won't  
I'll take whatever you've got  
I'll take whatever you feed me  
And when it's time for me to come down  
There's never a compromise  
You know  
I'll take whatever you've give  
And what you give i'll put in me  
When its time for me to come down  
There's never a compromise  
You know it  
You know it  
I feel the train changing tracks  
So relaxed I reminice  
Disappointment is all I know  
And all I do  
But I say I won't  
I'll take whatever you've got  
I'll take whatever you feed me  
And when it's time for me to come down  
There's never a compromise  
You know  
I'll take whatever you've give  
And what you give i'll put in me  
When its time for me to come down  
There's never a compromise  
You know it  
You know it  
I'll take whatever you've got  
And what you give I'll put in me  
I'll take whatever you've got  
And what you give I'll put in me  
I'll take whatever you've got  
And what you give I'll put in me  
I'll take whatever you've got  
You know it  
You know it
