

# God Module, Silence

Sequence changes  
Actions relate  
Sequence changes  
Now actions are too late  
Rip this from behind your eyes  
Chaos creates chaos  
Reverse binary religion  
Sacrament  
Religion

Reverse everything I see  
It becomes me  
Telepathic rendering  
Lost inside my own disease  
Clairvoyance  
Where is my way out  
Never I was too late  
No time to recreate this life  
Lies in night time  
Remember this night
