

God Module, Spooky

"I like it spooky
I like it spooky"

Don't ever change
I like it spooky
Zombies eating brains
I like it spooky
Serial killers and the insane
I like it spooky
Angry ghosts rattling chains
I like it spooky

"Do you ever fantasize
About being killed
Do you ever wonder
About all they did raise
Of dying
I like it Spooky

I love the night
I like it spooky
Werewolves and their bites
I like it spooky
Skeletons staring at your flesh
I like it spooky
A black witch in green light
I like it spooky

I like it Spooky

Don't ever change
Zombies eating brains
"I like it spooky"
Serial killers and the insane
Angry ghosts rattling chains
"I like it spooky"

I like it Spooky

I love the night
Werewolves and their bites
"I like it spooky"
Skeletons staring at your flesh
A black witch in green light
"I like it spooky"
