

# Godfathers, The Strangest Boy (The Godfathers)

I keep myself to myself  
And I don't want no friends  
I'm nightly crucified  
No need for womankind  
I don't think so, I don't think so  
And I'm the strangest by  
That you've ever seen  
And my future's past  
Already gone and been  
I don't think so, I don't think so  
Don't try to talk to me  
'Cause I'm not quite there  
I never wear a smile  
'Cause that would show I care  
I don't think so, I don't think so  
And in times like these  
Don't work for charity  
I do as I please  
Unless the cause is me  
I don't think so, I don't think so
