

Godhead, I Am

I am, I am I am,
I am I am, I am

I live in your mind
You've seen me before
Can't leave me behind
I'll haunt evermore Created
By you Your failures and fears

For I am,
I am I am,
I am I am,

I am the one you hate
The one you hate
There is nothing real
For you to see Your
Life's so surreal
That's why you have me

For I am,
I am I am,
I am I am,

I am the one you hate
The one you hate
You run from me
But you can't see
You created me
You'll never be free
You run from me But
You can't see You created me
You'll never be free

For I am,
I am I am,
I am I am,

I am the one you hate
The one you hate

I am, I am I am,
I am I am,
I am the one you hate
