

Godhead, Just Like You

The great demise
Another life I'll never reach anything I want to
To bend the time
I pine away behind the mask of mandatory joy
Can't keep from running away
Do you see, this is my destiny
I want to be like you
I want to live off the things that you always do
I want to be renewed
I want to know what it's like to be just like you
I wait in line
I walk the shallow empty halls
A terror in my mind
Waiting for you
I start to realize
That your standing where I could have been
Can't keep from falling apart
Do you see, it's my catastrophe
I want to be like you
I want to live off the things that you always do
I want to be renewed
I want to know what it's like to be just like you
I'll take your place
Look for my face
Inside your nightmares tonight
I want to be like you
I want to live off the things that you always do
I want to be renewed
I want to know what it's like to be just like you
Just like you
Just like you
Just like you
Just like you
