

# Godhead, Keep Me Down

You've ignored me for the last time  
Tried to shut me out but I found a way through  
Now I'm standing right in front of you  
And there's no one here to tell you what to do  
You can't keep me down forever in your shadow  
You can't keep me down forever locked away  
You locked the door to all reality  
Forever living in this world of your design  
Losing sign of all morality  
Blind to all we see collapsing in your mind  
You can't keep me down forever in your shadow  
You can't keep me down forever locked away  
You can't keep me down, I'll bite and leave you hollow  
You can't keep me down, I'll scratch and crawl away  
Only one thing makes me happy  
And it's not what I get from you  
As I sit in my lonely room  
I break through  
You can't keep me down forever in your shadow  
You can't keep me down forever locked away  
You can't keep me down, I'll bite and leave you hollow  
You can't keep me down, I'll scratch and crawl away  
You can't keep me down
