

Godhead, The Answer

Save me from myself
Turn me into someone else

I answer to no one
You won't speak for me
I answer to no one
I will never be a someone
I will always be alone

Take me to where
I'll like it
Give me the strength to find it

I answer to no one
You won't speak for me
I answer to no one
I will never be a someone
I will always be alone

Show me the way to some where
Help me away from nowhere

I answer to no one
You won't speak for me
I answer to no one
I will never be a someone
I will always be alone
