

Godhead, You Mean Nothing

I can't breathe
When you're with me,
I can't even think
I swallow every promise
You can never keep Now that
I see you for what
It is that you are
I know there's nothing that
You can do anymore

Don't take this wrong,
No Your never wrong
But I'll tell you something
You mean nothing
I'll tell you something
You mean nothing to me now

As I wander through
This joke that
I call a life I wonder
Why I even tried to make it mine

Don't take this wrong,
No Your never wrong
But I'll tell you something
You mean nothing
I'll tell you something
You mean nothing to me now

As you can see
I already can feel no more
Ignorance is good when
You've found there's nothing left

But I'll tell you something
You mean nothing
I'll tell you something
You mean nothing to me now
