

# Godsmack, Asleep

Wait a minute  
Can't you see what this pain has done to me  
I'm alive, but I'm sleeping  
What you see, I cannot see  
And maybe you'll think before you speak

I'm alive  
For you I'm awake  
Because of you I'm alive  
I told you I'm awake  
Swallowing you

Take a second  
Turn your back on me  
And make me believe  
It's safe to say you're never alive  
A big part of you has died  
And by the way  
I hope you're satisfied

I'm alive  
For you I'm awake  
Because of you I'm alive  
I told you I'm awake  
Swallowing you  
I'm alive  
For you I'm awake  
Because of you I'm alive  
I told you I'm awake  
Swallowing you
