

# Godsmack, Soul On Fire

In the end  
There will come a time my friend  
I'm gonna break you wide open  
I didn't see this side unfolding  
Hey, I can't wait for you to make up your mind  
I need to take you every time  
I'm self-destructing

Help me, help me  
I'm begging you a long time  
This time I need you in the worst way  
Oh baby, I'd set my soul on fire  
Help me, help me  
I'm begging you a long time  
This time I need you in the worst way  
Oh baby, I'd set my soul on fire

Listening  
I can hear those thoughts you think  
Every word you won't speak  
Just let it go and devour me  
I can't control my mind  
It's spinning me out every time  
It fuels my fire within  
Why won't you let me in

Help me, help me  
I'm begging you a long time  
This time I need you in the worst way  
Oh baby, I'd set my soul on fire  
Help me, help me  
I'm begging you a long time  
This time I need you in the worst way  
Oh baby, I'd set my soul on fire

Oh, help me, help me  
I'm begging you a long time  
This time I need you in the worst way  
Oh baby, I'd set my soul on fire  
Help me, help me  
I'm begging you a long time  
I need you in the worst way  
I'd set my soul on fire  
I'd set my soul on fire, yeah yeah yeah, on fire
