

# Gogol Bordello, Huliganjetta

if situation is no win  
anyhow i'm gonna win  
kogda vzoynet zvezda - huliganjetta (when the star rises)

not through shortcuts through the woods  
not through undertable goods  
but through its very golden basement

never listen what they say  
never had i backup plan  
vzoidet zvezda, huliganjetta (the star will rise)

situation is no win  
but somehow i'm gonna win,  
oh, huliganjetta

a spusta kak dve nedel, (two weeks later)  
ya polez kak po parte (i climbed into a school desk?)  
ops -- derevantzo -- huliganjetta! (no idea what this line is)  
zaper terror from a board (this one too, sorry)  
and our relatives from abroad  
mama papa dyadya tetya, vzyali! (mama, papa, uncle, auntie, let's go!)

listen, what speaks to you?  
listen, you know it's true.  
listen, when i was little kid.  
listen, of course i did

situation is no win  
how the hell i'm gonna win?  
nam vzoshla zvezda, huliganjetta.

now i see you how you aged  
but public wisdom is deranged  
o yeah its to never let them change you

never had a backup plan,  
only had a magic spell  
to myself i quietly repeated,  
or sometime when late at night,  
i suddenly wake up, and i fucking scream it:

huliganjetta!

we wish somebody would just tell us how it is,  
and when somebody does, oh, we just get pissed.

we wish somebody would just tell us how it is,  
and when somebody does, oh, we just get pissed.  
we'd rather watch the truth  
than perform a masterpiece  
when the question is if anything is real, and it is

huliganjetta!

if you welcome every day  
and i will be on my way  
zahvachu tvoji lish dva bileta (taking with me just your two tickets)  
and once i am over border  
i will send you pretty postcard  
with three heart-felt cliches

don't let them school you  
please don't let them change you

and never never listen what they say

listen, what speaks to you?  
listen, you know it's true.  
listen, when i was little kid.  
listen, of course i did

listen, what speaks to you?  
listen, you know it's true.  
listen, when you were little kids  
listen, of course you did

huliganjetta!
