

Goin' Places, I Hate Your Girlfriend

I hate your girlfriend she's such a bitch
I wanna kill her and slit her wrist
She took your freedom she took your life
You may be single but she's your wife

cause I hate your girlfriend
Na Na Na Na

You're under her control when she cracks that whip
I don't know how the fuck you take her lip
Always together, acting as one
Why don't you break away, and have some fun?

I hate that girl
