

Goin' Places, I Like Girl Songs

I like to listen to songs about girls, they brighten up the day
Politics and twenty dollar words, that's just not my way
Everytime I see a beautiful girl she has a corresponding song
It makes me wanna go home and listen to MTX

Cause I like girl songs
pretty girl songs
silly girl songs
every girl song

Laying in bed on a Saturday night listening to my stereo
Being best friends with my record collection, there's no other way to go
The music is all I got, but you're the one I want
It makes me wanna go home and listen to the Queers
