Gojira, Another World

We mock and slaughter all the purest kinds Blinded by the noise and maze This flash in our eyes Hope for the world But prepare for the worst I'd rather find a way on my won

Another world Annother place to be Other world A new place for me

Don't believe your lies Don't believe yourtales I am longing fo the day i will find...

Another world Annother place to be Other world A new place for me

Another world Annother place to be Other world A new place for me
