

# Gojira, Love

Last night, alone, I met the moon  
I saw its halo and the love around  
"Now take the path, don't ever lose your time  
Just watch the light you have inside"

I watched inside and my eyes burned  
The moon was right  
The roots so deep, and the head so high  
I want to be in and watch it out

I know the reasons why I failed  
The stars illuminate my being  
Behold thy servant, you the force around  
that makes the planets be
