

Gold City Quartet, I'm Willing To Live For Him

Verse 1

Today I spoke to a dear old friend of mine
One I hadn't talked to for such a long, long time
After all I'd done, it's a wonder that He'd speak
But I took a chance and got down on my knees
Said Lord, I've had enough, I'm back for good
He threw His arms around me and said He fully understood
I told Him I was sorry for each and every sin
And if He was willing to die for me, I'm willing to live for Him

Chorus

If He could freely lay down His life
I'll pick up my cross once again
It's the gospel truth
The least I could do
He was willing to die for me
I'm willing to live for Him

Verse 2

God gave me the greatest gift there ever was
Sacrificed His only son, He did it out of love
If He could take me back, I can surely take a stand
'Cause He was willing to die for me, I'm willing to live for Him
