

Gold City Quartet, It's Only Faith

Verse

We've all heard the story about Peter and the boat
How the storm raged all around him
And fear gripped his soul
He kept his eyes on Jesus and called Him with a shout
But there wouldn't be a thing worth talking about
If Peter hadn't gotten out

Chorus

It's only faith when you take it for a walk

It's more than words or talking the talk
Sometimes that first step might be a scary thought
But it's only faith when you take it for a walk

Verse

Fear has got the best of me and left me standing still
And when it comes to doubting, I've sure had my fill
But I have learned from Jesus, when it's sink or swim
To put my best foot forward and go out on a limb
'cause I know I can trust in Him
