

# Gold City Quartet, My Child Enter In

## Verse

There's a land where milk and honey flow  
(They're flowing freely)  
And the river of life is ebbing by  
It's there for all who give their hearts to Jesus  
And they'll be living in a place they'll never die

## Chorus

There's a place we shall reside, where His children will abide  
In perfect harmony  
And with my Jesus there, I'll never have a care  
For He will comfort me  
I know that Jesus is my friend and He will guide me through  
Yes to that land of endless day He's built for me and you

And friend you're just a prayer away, from hearing Jesus say  
My child now enter in

## Verse

Can you just imagine that fair land  
(That He's prepared) Yes just a  
Glimpse of that city would be grand  
And just a prayer will gain your reservation  
Oh to that city that's built by God's own hand

I know that Jesus is my friend and He will guide me through  
Yes to that land of endless day He's built for me and you  
And friend you're just a prayer away, from hearing Jesus say  
My child now enter in
