

Golden Earring, Avalanche Of Love

From the Album:

* Together

Woman you're avalanche of love
Falling over me means I can't get you off
Woman you're avalanche of love
Loving the way you do means I'm under you're
We're getting loose tonight (we're gonna have a ball)
It's gonna be alright (we dance and rock and roll)
We'll paint the town red (we shake all night long)
Untill the night is dead (untill we can't go on
But you're making love while I'm
Somewhere waisted on the floor (with me)
Woman you're an avalanche of soul
Rolling over me you shine out heat instead of cold
Woman you're an avalanche of soul
Lovin' you the way I do is lovin' hot coal
