

# Golden Earring, Call Me

From the Album:

\* Winter harvest

When the time has come  
That your love is strong  
And you don't know what to do  
Then I'm miles away  
And you have to stay  
For your own  
What you must do  
Is call me I come running back to you  
Call me if you want my love so true  
When I think of you  
Girl that's what I do  
While I sit here all alone  
Then I see your lips  
Feel your finger tips  
And I hope  
That you will fall  
Call me  
I come running back to you  
Call me  
If you want my love so true  
I only can't wait  
Thought it makes me so afraid  
To think that you're lonely  
It's the only thing you hate  
When the time has come  
That your love is strong  
And you don't know what to do  
Then I'm miles away  
And you have to stay  
On your own  
What you must do  
Is call me  
I come running back to you  
Call me  
Give you all my love so true
