

Golden Earring, Can Do That

From the Album:

* Keeper of the flame

Yeah, you can do that!

Well take a look at me now here

Another sucker ruining the atmosphere

It's gotta be the story of my life

You know I'll mean from the very embryo start

I've got piles & piles & piles of goo goos

You know, how about you? How about you?

No one take notice of a little thing

Start to grow into a big thing

Bigger than anything

Well, you can join the commando's

Be just like a little Rambo

You can challenge the world

And you'll never know that a wind will blow

And it's gonna be cold

But you'll always keep on singin'

Like you've been told

You can do that, you can do that

Refr.:

Yeah! You can do that

With the power of your soul just go ahead!

Gotta get back on top again

Well, meanwhile - broke - busted - hungry and not trusted

Thanks for the lousy deals

You know, tell me all about it

No stop! I wanna keep my ears clean

I got goosebumps in the wrong places

Screaming - looks like the vultures are gathering

You can do that

refrein:

Well no matter how thin that string

I wanna hold on to that thing

They say when the goin' gets tough the tough get goin'

But can you prove it baby?

The fairytale - wisdom - oxygen

Give me a breath of your precious oxygen

Precious, precious oxygen...
