

# Golden Earring, Don't Run Too Far

\* -

Baby can't you see  
What you've been to me  
I really don't understand no no  
But you treat anyone yeah  
Anyone so bad  
But what I want to say  
I couldn't tear myself away  
From your love  
Cause there is no one else  
Than the lord above  
But I need someone, someone  
Who sometimes will make me feel fine  
Don't run too far  
Someday you'll feel sorry  
Don't run too far  
There's no time to hurry  
Don't be foolish  
And think before it's too late  
And don't forget  
I'm not the only man you hate  
Baby can't you see  
What you've been doing to me  
I really don't understand no no  
But you treat anyone, yeah  
Anyone so bad  
The situation  
In which I am  
I have to miss you anyhow, mmm  
But you don't really make me blue  
I'm so in love with you
