

# Golden Earring, From Heaven From Hell

From the Album:

\* Together

If there's a reason why you leave me  
Then I like to hear it now  
I'll simply bend my head  
I won't cry out loud  
I know all this time we spent together  
Was not so important to you  
You always knew  
There would come a time  
That I would sing my blues  
And now you're playing with me  
Like you're playing card  
I'm losing before you start  
You know every trick  
Of every game  
You look right through my heart  
You're from heaven from hell from heaven  
You're from heaven from hell from heaven  
You're from heaven from hell from heaven  
You're from heaven from hell from heaven  
For ever I'm lost in your spell  
Ooh and I would be a liar  
If I'm telling you  
That I don't give a damn  
That you don't love me like I do  
Oh babe  
Babe I'm begging you  
I'm begging you down on my knees  
Oh please stay some more time  
I'd rather be dead than free  
Alright you leave me all alone  
I see the curtain fall  
And while you softly close the door  
It's your name I call  
Oh you're from heaven from hell from heaven  
You're from heaven from hell from heaven  
You're from heaven from hell from heaven  
You're from heaven from hell from heaven  
For ever I'm lost in your spell
