## Golden Earring, Judy

Someone needs someone And the game is called love Hear me, I'm losing my mind Judy, oh Judy, I love you Come give me a sign

Money is something That can buy me much Much but not what I need Seeing that light in your sweet eyes Makes my heart beat

Life seems so easy for you Oh, let me live too Judy, Judy I'm loving you

Now I left town To follow you down Leaving behind all I had Following that light in your sweet eyes Is driving me mad
