Golden Earring, Love Is A Rodeo

From the Album: * Switch

There's no doubt you're beautiful
You're so full, you gotta be wonderful
So elastic - it's fantastic
Pure lovely - not at all like me
You roped me right into your ring
With your lassoo - with your string
refrein:
Rodeo - once you think you're riding high, off you go
Idol, ideal partner in dreams
Much too perfect to be true Here's another one for you

You say climbing in love is better than falling
Going ahead, is better than stalling Amplify me - satisfy me You unfold me - but you never told me
How far you've gone to strike upon such technique
You're bit of a rat, but you're still unique
refrein:
Romeo - once you think you're riding high - of you go
Idol - ideal partner in dreams
Much too perfect to be true
Here's another one for you
Rodeo - love is a rodeo!
