Golden Earring, Save The Best For Later

From the Album:

* The hole

I want you, yes I want you How come you don't want me too Like moonshine on silver water The sun will shine only for me & amp; you I can't stop thinkin' about you Can't stop tryin', baby to escape the blues No don't close your eyes You need a change of attitude Is it possible for a girl to face the truth It's a certified lie. Works every time But I can't deny, that I'm crazed out on you Well I can't buy you no roses Can't give you anythin' you need But I'm a landslide & amp; I'm comin' And well you better get yourself prepared for it 'Cause I can't stop thinking about you Can't imagine livin' a life without you in it No don't close your eyes I wanna talk to you Is it possible for a girl to face the truth It's a certified lie. Works every time But I can't deny, that I'm crazed out on you Cross my heart, Cross my heart I'm a qualified fool for you Cross my heart It's my dream & amp; baby you're in it Cross my heart Hot sheets of satin & amp; a fountain of pearls in the next room Oh it's so exaggerated Like a Chinese wall to wall now We'll save the best for later Always the best for later Just can't hide the fact That I'm all crazed out & Dan't hold back A jewel in a crown & amp; I'll find you one Any wish is my command Small-talk at the gambling table & amp; you'll finally understand We'll save the best for later Always the best for later Oh mercy mama -Have some mercy & amp; some faith in me Every night a secret sundown

Have some mercy & Damp; some faith in me
Every night a secret sundown
Whispers it to the breeze
Nothin' special honey
Only one more basic fact
You make me talk like that
There's nothing in the world
That can stop me from savin' the best for later (2x)
I'm always save the best for later

Always save the best for later
