Golden Earring, Sellin' Out

From the Album:

* No promises no debts

She just found out what it's all about

She don't wanna be another face in the crowd

Gets on her feet

Starts walkin' out

Looks like she's got herself some sense of direction now

All the birds in the sky sing in harmony

Sound-track to the title-roll of a success movie

Featuring little miss make believe

Everybody wants her nobody gets her

It's part of the scheme

There's a shade of doubt she's sellin' out

I'm glad that she proved the fact

There's still some a that balls around

I'm on the couch

She's on TV

Can't help thinkin' that she's laughin' right back at me

Listen all listen here comes my favorite line

I'll do anything just to save that career of mine All right I don't know what she's doin'

Her feet re gettin' too big for her shoes

But it sure beats the eight o'clock news

Gotta admit it yeah yeah

You just found out what it's all about

You don't wanna be another face in the crowd

Get on your feet

Start walkin' out

Looks like you got yourself some sense of direction now

Beyond a shade of doubt

You're sellin' out

I'm glad that you prove the fact

There's still some a that balls around

Listen all listen there's a favorite lie

I'll do anything just to boost that career of mine
