

Golden Earring, Silver Ships

From the Album:

* Seven tears

Way beyond the horizon of the universe
A silver light shines on me
And way beyond my thoughts
What could there be
The silver light flies faster than at first
And I don't know what it will bring
And I don't know what it may be
And when it falls through the starry sky
I know it falls for me

refrein:

Silver ships won't you come on down
You can land all is clear
Can't you hear I'm here
Way beyond the horizon of the universe
Space ships are speeding fast
And don't you know they have watched
us for a thousand years
And don't you know we'll die at last
No solution for Mother Earth
Only confusion for the earthly herd
And when it falls through the starry sky
Who knows what life is worth?

refrein:

Silver ships won't you come on down
You can land all is clear
Can't you hear I'm here
