

Golden Earring, Tempting

From the Album:

* Grab it for a second

I really like to go ahead and inviting you
Spill us some booze like a nowhere saloon
You know I like you let's drown our regrets
Pass me another of our full packet
Filled with cigarettes
Later on when the shades are gone
Ask you a question
Do I wanna stay psycho no matter
If I live or die. It sure is temptin'
I really like to schedule
Ask you to join me on a midnight cruise
Then I would like you
To relax for a second
About the life of a fairy, silvery moon
Later on when the shades are gone
I'm gonna ask you a question
Do I wanna stay psycho no matter
If I live or die
It sure is temptin'
Temptin', temptin' yes I know
Temptin', temptin' yes I know
Temptin', yes I know
I'm sure it is, I'm sure it is
I'm sure it is right
I think I could resituate
Expect more than I wanted to
Now that I got you in this perfect mood
Makin' love with you
A place in our beds
Pass me another
Of those full packet
Filled with cigarettes
Later on when the shades are gone
I'm gonna ask you a question
Do I wanna stay psycho
No matter if I live or die
It sure is temptin'
Temptin', temptin' yes I know
Temptin', yes I know
Temptin', temptin' yes I know I'm sure it is
I'm sure it is, I'm sure it is right
