

Golden Earring, That Day

She left me behind
But in my mind
I hear the words
She said to me
I wonder why
It had to be that day
She said she loved me
And that was easy to see
But why did she run away
I pray that she'll come back
And stay one day
I was walking slowly
Met her on my way
It seemed she was lonely
I had no words to say
Where has she gone
Where has she gone
No heart has ever been
Hurt like this that day
