

# Golden Earring, U-Turn Time

From the Album:

\* Grab it for a second

U turn out of the sight  
U turn I don't know what it is U turn time  
U turn, turn the time  
U turn  
I don't wanna leave it all behind  
You mean you could have stopped it  
Could have stopped it easily  
First you adore me  
Now you want me  
I'm tired of your ceremony  
Help me  
And take the car  
I'm takin' your car  
And leave when  
And leave when  
And leave when  
And leave when  
And leave when  
Yeah yeah  
U turn modern tonight  
U burn, burn  
But it's not my kind of life  
U turn out on the side  
U turn I don't know what it is  
U turn time  
You and me could have stopped it  
Could have stopped it easily  
First you adore me  
Now you bore me  
I'm tired of your ceremonies  
Help me  
And take the car  
I'm takin' your car  
And leave when  
And leave when  
And leave when  
And leave when  
And leave when  
Believe me when you leave  
You'll be happy  
Ooooooh yeah
