

Golden Earring, U-Turn Time

From the Album:

* Grab it for a second

U turn out of the sight
U turn I don't know what it is U turn time
U turn, turn the time
U turn
I don't wanna leave it all behind
You mean you could have stopped it
Could have stopped it easily
First you adore me
Now you want me
I'm tired of your ceremony
Help me
And take the car
I'm takin' your car
And leave when
And leave when
And leave when
And leave when
And leave when
Yeah yeah
U turn modern tonight
U burn, burn
But it's not my kind of life
U turn out on the side
U turn I don't know what it is
U turn time
You and me could have stopped it
Could have stopped it easily
First you adore me
Now you bore me
I'm tired of your ceremonies
Help me
And take the car
I'm takin' your car
And leave when
And leave when
And leave when
And leave when
And leave when
Believe me when you leave
You'll be happy
Ooooooh yeah
